

SUMMARY

The Ark is a robust highbay solution delivering an impressive 150Lm/W output, ideal for commercial and industrial applications. It features Multi-Watt Selectable technology, giving installers the choice of 5 wattages in 1 fitting for maximum lumen output flexibility. Built to last, this clever compact highbay is rated to IP65 and IK08. The Ark can be easily transformed into a motion controlled highbay with the optional plug-and-play microwave motion sensor and remote control.
